

Looking for a Great Career,
or know someone who is?

Join Our Team!

Our Team has a 45 year track record of helping State of Florida Employees with their Insurance Needs!

- We have over 5,000 active deductions.
- Over 10,000 Life Insurance policies on the books!
- We train you how to use our database to service and sell new policies!
- We assign areas, we don't put you in competition with our own Agents!

We are not looking for "order takers" aka . . . enrollers. We put you in an environment where you sell and help others!

Consider this, Everyone you get in front of in a State Office is a prospect via payroll deduction.

We've got the "Right Stuff"

We have all the tools you will need. For the right Agent we will provide Home Office support, training, and voice mail. The Agent we are looking for must be self-motivated, a good time manager, and technically adept with basic computer skills. Tired of doing it on your own, or feel like you are not appreciated where you are now? Let's talk about you becoming part of our winning team.

Who Do We Sell To?

State Employees
Their Spouses
Their Children
Their Parents
Their Siblings
Their Friends

Anyone you meet can be a client.

We sell via Payroll Deduction, no need to ask for the first check!

State Securities Corp.

Our mission is simple. To bring together the best insurance, annuities and benefit plans available today. Our solutions are tailored to each client and we have special programs for State of Florida employees. Our statewide network of representatives is available to share a plan that is guaranteed to be just right for your unique needs.
